

## Preferred Pharmacies for 2014 Medicare Prescription Drug Plans

LOCAL HELP FOR PEOPLE WITH MEDICARE

Many of the Medicare Prescription Drug Plans (PDP) for 2014 have preferred pharmacy pricing—meaning members will pay a reduced (or sometimes no) co-payment for prescriptions filled at one of the plan’s preferred pharmacies. Below you will find the plans that have preferred pharmacy pricing, the corresponding preferred pharmacies, and breakdowns of how co-payments differ between preferred and non-preferred pharmacies. If a PDP is not listed below, it does not use preferred pharmacy pricing. When referencing SHINE’s *Massachusetts Stand Alone Medicare Drug Plans* chart, please note that the co-payments given reflect the preferred pharmacy pricing if the plan has preferred pharmacies.
