

2017 Medicare Premiums

Updated 11/14/16

Part A Premium

About 99 percent of Medicare beneficiaries do not pay a premium for Medicare Part A. Individuals who did not work 40 credits will be responsible for a Part A premium based on the amount of credits they worked.

0-29 credits	\$413/month
30-39 credits	\$227/month

Part B Premium

The monthly standard Medicare Part B premium in 2017 for Medicare beneficiaries will be about **\$109** for those protected under the hold harmless provision and **\$134** for those who are not.

The Part B premium a beneficiary pays each month is based on his or her annual income. Specifically, if a beneficiary's "modified adjusted gross income" is greater than the legislated threshold amounts the beneficiary is responsible for a larger portion of the estimated total cost of Part B benefits. The Affordable Care Act requires Part D enrollees whose incomes exceed the same thresholds pay a monthly adjustment amount. The monthly Part D adjustment will be taken out of a beneficiary's Social Security check and paid to Medicare. These enrollees will pay the regular plan premium to their Part D plan. Social Security will inform beneficiaries of their adjustment. Appeals procedures will be included.

The 2017 Part B monthly premium and Part D adjustment amount are based on one's 2015 tax return.
