## SOCIAL SECURITY & MEDICARE

### **New Medicare Preventive Service to Fight Obesity**

Medicare is adding coverage for preventive services to reduce obesity. Screening for obesity and counseling for eligible beneficiaries by primary care providers in settings such as physicians' offices are covered under this new benefit. For a beneficiary who screens positive for obesity with a body mass index (BMI)  $\geq 30$  kg/m<sup>2</sup>, the benefit would include one face-to-face counseling visit each week for one month and one face-to-face counseling visit every other week for an additional five months. The beneficiary may receive one face-to-face counseling visit every month for an additional six months (for a total of 12 months of counseling) if he or she has achieved a weight reduction of at least 6.6 pounds during the first six months of counseling.

## **Social Security Expands Spanish-language Online Services**

Social Security has improved their Spanish-language website, [www.segurosocial.gov](http://www.segurosocial.gov), to include the ability to enroll in retirement benefits and Medicare completely in Spanish. The website also now includes resources printed in Spanish to assist someone applying for Extra Help and a Spanish-language Retirement Estimator.

## **Medicare Awards Grants to Expand 52 SMP Programs**

The U.S. Department of Health and Human Services announced the award of \$9 million from the Centers for Medicare & Medicaid Services (CMS) to help Senior Medicare Patrol (SMP) programs across the nation continue their work fighting Medicare fraud. Congratulations to the Elder Services of Merrimack Valley's SMP Program, who will receive one of these grants to help sustain this vital program. The SMP volunteers work in their communities to educate Medicare beneficiaries, family members, and caregivers about the importance of reviewing their Medicare notices, and Medicaid claims if dually-eligible, to identify errors and potentially fraudulent activity. Program volunteers also encourage seniors to make inquiries to the SMP Program when such issues are identified, so that the project may ensure appropriate resolution or referral.

## **LINET Updates**

Just a reminder that the LINET BIN number used by pharmacies to process claims changed to 015599 this past fall. If a pharmacy or client reports difficulty with submitting a claim, you may provide them with the attached *Four Steps for Pharmacy Providers* that includes this updated information.

## **Medicare Rights Center Resource**

The November/December 2011 issue of the Medicare Rights Center's newsletter, *The Medicare Counselor*, is attached. It includes information on Medicare's mental health benefits, the Special Enrollment Period for Discontinued Plans, and the Medicare Secondary Payer Recovery process.

## **MASSHEALTH & THE CONNECTOR**

### **Administrative Review Process for Some MassHealth Members**

Counselors should be aware the MassHealth has initiated a new streamlined administrative review process for certain MassHealth members. This process will replace the current annual review form for some. Instead of being required to complete and return a full annual review form, selected members will only need to use the enclosed form to indicate any changes to their circumstances. If there are no changes to report, then the member does not need to do anything and his/her eligibility will be automatically renewed for another year.

To be able to use this streamlined process, a member must meet the following criteria:

- ◆ Community adults aged 65 and older who
  - are single or a couple with no dependents;
  - have assets less than \$2,000 (individual) or \$3,000 (couple);
  - have Social Security benefits as their only source of income;
  - are not subject to a deductible; and
  - have Medicare.
- ◆ QI, SLMB, and QMB members who
  - are single or a couple with no dependents;
  - have assets less than \$6,680 (individual) or \$10,020 (couple);
  - have Social Security benefits as their only source of income;
  - are not subject to a deductible; and
  - have Medicare.
- ◆ Home and Community-Based Service Waiver members, members eligible for coverage under the Pickle Amendment, disabled adult children, and disabled adult widows who
  - are single or a couple with no dependents;
  - have assets less than \$2,000 (individual) or \$3,000 (couple);
  - have Social Security benefits as their only source of income;
  - are not subject to a deductible; and
  - have Medicare.
- ◆ Single adults and couples aged 64 and under who
  - have no dependents;
  - have Social Security benefits as their only source of income;
  - do not have an unmet deductible; and
  - have Medicare.

The MassHealth Provider Bulletin is attached.

## MISCELLANEOUS

### Changes to the Medical Security Program

Effective January 1, 2012, the Division of Unemployment Insurance will be making changes to its Medical Security Program's Direct Service Plan. These changes do not affect eligibility or members who receive premium assistance. Affected individuals have received notices that they will be disenrolled from the previous Blue Cross Blue Shield plan to a new Network Health Plan. Other changes include:

- ◆ New Network Health membership cards
- ◆ New cost sharing model – The new plan will have no deductible and lower co-payments than the previous plan. Members may be required to pay a weekly premium based on family income and size. Weekly premium costs will range between \$0 and \$27 per covered individual. Families with income less than 150% of the federal poverty level, children 19 and under, disabled individuals and pregnant women are exempt from premiums.

Further details can be found at the following [link](#).

## **Funding Opportunity to Educate Woman about Benefits**

The Office on Women's Health has announced grants to support activities that provide awareness and education to women regarding the programs, benefits, and rights under the Affordable Care Act (ACA). These activities can cover preventive services, Medicare benefits, reducing health disparities, and the Pre-Existing Condition Insurance Plan. The deadline for proposals is Jan. 20. Grants will be awarded up to a maximum of \$2,500. The request for proposals is attached.

## **THE SHINE SPOTLIGHT**

### **Seeking Nominations!**

The SHINE Spotlight shares interesting stories or notable achievements of the many dedicated SHINE Counselors across the state. To nominate a SHINE Counselor to be featured in this section, contact Chris Ciano at [christopher.ciano@state.ma.us](mailto:christopher.ciano@state.ma.us).
